

随時更新される「有用な新技術」は、  
NETISホームページの下記チェックボックスに、チェックを入れて検索して下さい。

The screenshot shows the NETIS (New Technology Information System) homepage. The browser address bar shows <https://www.netis.mlit.go.jp/NETIS>. The main navigation bar includes links for 'New Technology Search', 'Registration Application Form Creation', 'Theme Setting Comparison Table', 'Matching', 'Maintenance Management Technology Page', 'Disaster Recovery/Revival Support Technology Page', and 'Manual/FAQ'. The search section is highlighted with a red box and a red arrow pointing to the 'Useful New Technology Selection' checkboxes. A red callout box contains the text: '有用な新技術はココをチェックして検索。' (Check here for useful new technology and search). The search filters include: 'Search Keywords' (input field), 'Useful New Technology Selection' (checkboxes for Recommended, Standard Recommended, Evaluation Promotion, and Active Promotion technologies), and 'Positioning of Technology in Old Implementation Guidelines' (checkboxes for Active Promotion (Old), Design Comparison Target, and Little Achievement Excellent). Below the filters are buttons for 'Search with this condition' and 'Show other conditions'. A note states: '※チェックボックス条件は、1つも選ばないと絞りなし（全件）になります。' (Note: If no checkboxes are selected, all items will be displayed). A link for 'Past Selected Recommended/Standard Recommended Technologies' is provided. The 'What's NEW' section lists recent updates, including a renewal of 97 technologies and a list of technologies for public works. The 'New Technologies' section at the bottom right shows a link for 'Recently Registered New Technologies (50 items)'. The Windows taskbar at the bottom shows the time as 11:35 on 2020/08/03.
