Materials to create My Timeline

(A plan to get away from the dangers caused by typhoons and heavy rain)

It is vital to make My Timeline to get away from the dangers caused by typhoons and heavy rain.

My Timeline has been made

3 days before

A typhoon has occurred!

Look at My Timeline.

Prepare items to take with you!

My Timeline has not been made

A typhoon has occurred!

Is it coming close?

Raining heavily!

Look at My Timeline and check the typhoon information.

Check the river level.

The river level has been rising.

Evacuate!

ひなんしじ 避難指示 (Evacuation Instruction)

Rain and wind are getting stronger!

We don't know what to do!

We don't know where to evacuate.

Successfully evacuated.

What a relief!

Help!

The river has flooded.

A-3 Check where to evacuate

Place to evacuate	How to evacuate	How long it takes to evacuate
The nearest "Evacuation Shelter" in the Flood Hazard Map.	☐ On foot ☐ By bicycle ☐ By car ☐ By train ☐ Others ()	minutes(s)
Your acquaintance's house, Japanese class, church, etc. where floodwater will not reach.	☐ On foot ☐ By bicycle ☐ By car ☐ By train ☐ Others ()	minutes(s)
A safe and sturdy building that is close to your house and floodwater will not reach.	☐ On foot ☐ By bicycle ☐ By car ☐ By train ☐ Others ()	minutes(s)

2

My Timeline

Check information issued by the Japan Meteorological Agency, municipal offices, etc.

3

Stick them in your home!

① How to use the stickers below:
 ② Put the sticker on the possible floodwater height in your home on the stickers.
 ③ Put the stickers at the same height as the possible floodwater height.
 ④ Report them should be placed along the river.
 ⑤ When the water height reaches our home, it is a threat to life.

Check the floodwater information.
 Prepare the necessary items.
 Check the car in the special condition of the river.
 Check the river level.
 Change into comfortable clothes for evacuation.
 Go to a safe place.
 Managed to evacuate safely.
 Warn your acquaintance of the danger.
